Greater Lincolnshire Economy

Around 2/5 of employers have introduced new or significantly improved products or services to their market in the last year

Over the next year, 27% of all Greater Lincolnshire employers expect to increase their number of staff (compared with just 3% who don't)

86% of employers in Greater Lincolnshire agree that having access to superfast broadband is important for their business

30% of employers in Greater Lincolnshire cite poor transport infrastructure as an obstacle to growth, closely followed by poor or lack of finance (25%)

Two thirds of employers in Greater Lincolnshire anticipate an increase in turnover and/or profitability over the next 12 months

Revised figures show the UK economy surpassed its pre-recession peak in the third quarter of 2013, earlier than the previous estimate of the second quarter of 2014.

Only 23% of employers score Greater Lincolnshire highly in terms of the profile of the area in attracting people to move here to work
