

These events are proudly delivered by University of Lincoln, GLLEP and Innovate UK

# Innovate in Greater Lincolnshire

Innovation plays a pivotal role in driving business growth, and tapping into the right partnerships, investing in collaborative research, and accessing specialised funding are crucial for maximising your potential.

Taking place from 9am – 2pm  
on the following dates:

Tuesday 6th June — Lincoln

Tuesday 4th July — Holbeach

Thursday 13th July — Grimsby

For the first time, the University of Lincoln, Innovate UK, and the Greater Lincolnshire Local Enterprise Partnership will be coming together across Greater Lincolnshire to provide valuable insights into the wealth of innovation support, funding mechanisms, external guidance, and academic expertise available to companies across the region and beyond.

The events are relevant to businesses across all sectors seeking to accelerate their growth through research and development, fostering new collaborations, and leveraging emerging technologies.

Expert panels and networking opportunities will provide practical guidance for developing an innovative culture within your business, highlight the available collaborative opportunities, outline available grant funding and financial support, and feature local case studies.

Attending one of the events will equip you with a solid understanding of the innovation ecosystem on both a local and national level, the routes to developing the necessary partnerships and an overview of the many forms of financial and grant support available.

Featuring experts from a range of dynamic organisations, including:
